

22nd March 2020

To all of our loyal customers.

The Covid-19 National crisis is progressing very quickly, so it with a heavy heart we have taken the decision to close all 5 of our Holiday Parks. We currently have no end date.

There can be no argument that stands against Government advice, therefore Sunnysands Caravan Park, Parc Caerelwan, Moelfre View, Tyddyn Goronwy and Snowdon View will close tomorrow, Monday 23rd March 2020 at 5.00pm until further notice. We encourage everyone to do their part and stay at home.

The health and wellbeing of our staff, guests and local rural communities is our number one priority. We will endeavour to keep you updated as the situation progresses and as we continue to monitor Government guidance. We can assure you that the Parks will reopen again as soon as we are able to do so.

We would like to take this opportunity to thank all of our dedicated staff across our 5 Parks for their unwavering support through this extremely challenging time.

Holiday Home Owners

We appreciate that you will need time to prepare your holiday homes to leave. If we can be of any assistance please let us know. Please follow your normal routines regarding turning water off.

We recommend that you empty your freezer and take all perishable food home with you. Your barrier passes will also be switched off. We advise you refund any upcoming bookings you have in full unless they wish to forward their booking onto a future date.

We will do everything we can to ensure the Park will remain staffed during closure.

Upcoming Holiday Bookings

We will contact everyone who has a booking with us in the near future. Please be patient. Our phone lines, email and social media platforms are extremely busy and we will get back to you as soon as we are able.

Our family are devastated at this decision. We are in uncharted territory but we hope the actions implemented by the Government have a positive effect on saving lives and stopping the rapid spread of this virus in our wonderful Country. We urge you to follow Government guidance to essential travel ONLY. Please consider the distance to the nearest hospital and the services in the area which are already stretched to their limit before you set off from your home. We wish you well over the coming weeks and look forward to your return when it is safe to do so.

With every best wish. Take care and stay safe.

Colin Mead, Jeremy Mead, Chris Mead, Terry Mead and Sarah Mead-Williams.

Directors.
